MOOD: 😊 bouncy

MUSIC: Marilyn Manson - This is the New Shit

Hey, peeps--

Tomorrow is Marti's last day of classes. She's flying home Sunday, and I thought it would be cool if we fed her dinner and took her out dancing on Friday night. Anybody in? Wabbit, can I bribe you to bring a pie?

P.S., Harpy, when I brought her back to her dorm last night she said she had the time of her life at the climbing gym. She blames you. So what were you and her and Tasha laughing about while I was halfway up that blue 5.11?

This looks like a  
good idea.

This.

COLLAPSE

Hey, did you get the message I left on your machine last night?

Do you want to use our kitchen and "dining room"? Because we're free, and any friend etc etc. Also, Harpy, could that be a pecan pie?

His silence is so dignified even he can't hear it.

And what explains the suspicious silence on the laughing at the gym? Hmm?

Wow. Somebody was up late on a school night.

I could tell you, but then I'd have to kill you.

Correction: Tasha and Marti were laughing. / was belying. Which is terribly serious business.

Sorry, sis. I'm going to spend the evening with sixteen kinds of overpriced bubblebath, a gallon of orange juice, and an early bedtime. If I don't kick this cold by Monday I'm going to claim it as a

dependent on my taxes.

I would rain zinc nasal goo on you, but it would kinda conflict with the bubblebath. Still, zinc nasal goo--disgusting, but effective!

Hey, come over to our place tomorrow, and I'll feed you hot tea and scones guaranteed made by somebody else. Whaddaya say?

She didn't even make an effort for the doughnut this morning.

I think it might be terminal.
